STAT

MEMORANDUM FOR:
Assistant General Counsel

FROM: William T. Kvetkas, Jr.
Director, Office of Program and Budget Development,
Intelligence Community Staff

SUBJECT: S.2525 - Proposed Charter Legislation -
Title VI, NSA

1. John Koehler and I agree that the additions of the word "programs," and "based with respect to national intelligence activities" appear to be reasonable and should remain in the document. We do not agree with the deletion of "at such time and in such manner as the Director of National Intelligence shall specify."

2. If these suggestions are accepted, the paragraph would read:

"review all proposed budgets, programs, and resource allocations for the signals intelligence activities of the United States, prepare a proposed consolidated United States signals intelligence program and budget for each fiscal year based with respect to national intelligence activities on program and budget guidance from the Director of National Intelligence, and submit each such proposed budget to the Director of National Intelligence and the Secretary of Defense at such time and in such manner as the Director of National Intelligence shall specify."
